

WARDROBE

The wardrobe room is located on the lower level. There is direct access from the loading dock area by stairs and by freight elevator. The room is equipped with work tables, steamer, iron, ironing board, portable sinks, three washers, and three dryers. In addition there are rolling clothes racks available for use within the halls and each dressing room.

Quick-change booths are available.

DRESSING ROOMS

All dressing rooms are equipped with sinks, showers, and restroom facilities. All dressing rooms except the two "orchestra" rooms (108 and 110) are equipped with make-up mirrors and lights. Often these "orchestra" rooms are used by stage and company managers.

Two "star" dressing rooms are located stage right on the main level. All other dressing rooms are located on the lower level with stair access downstage right, downstage left, and backstage. Freight elevator access for wardrobe trunks, etc. is located backstage in the loading dock area.

Dressing Room locations and approximate capacities are:
